Problem 1

測試

Solution

測試

$$a = \sum_{i=1}^{10} k_i$$

測試

測試

Problem 2

```python
    for i in range(5):
        print i
```

```python
#!/usr/bin/env python

if __name__ == "__main__":

    for i in range(5):
        print i
```
